Independent Auditors' Review Report

To the Board of Directors of APAQ TECHNOLOGY CO., LTD.

Introduction

We have reviewed the consolidated balance sheets of APAQ TECHNOLOGY CO., LTD. and subsidiaries as of June 30, 2021 and 2020; the related consolidated statements of comprehensive income for the three months and six months ended June 30, 2021 and 2020, the consolidated statements of changes in equity and consolidated statements of cash flows for the six-month periods then ended, and notes to consolidated financial statements (including summary on significant accounting policies). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and International Accounting Standard (IAS) 34 "Interim Financial Reporting" as endorsed by the Financial Supervisory Commission (FSC). Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope

Except for matters described in the following paragraph titled "Basis for Qualified Conclusion," we conducted our reviews in accordance with the Statement of Auditing Standards 65 "Review of Financial Information Performed by the Independent Auditor of the Entity." A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Since a review is substantially less in scope than an audit, we might not be fully aware of all material matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As stated in Note VI(V) of the consolidated financial statements, investments accounted for under the equity method of APAQ Technology Co., Ltd. and subsidiaries amounted to NT\$76,171 thousand and NT\$44,743 thousand as of June 30, 2021 and 2020, respectively. The share of profits (losses) of associates accounted for under the equity method were NT\$168 thousand, NT\$122 thousand, NT\$1,199 thousand and NT\$403 thousand for the three months and six months then ended, respectively. Those amounts were recognized based on financial statements of the investees for the same period and have not been reviewed by independent auditors.

Qualified Conclusion

Based on our reviews, except for possible effects from financial statements of the investees mentioned in the paragraph titled "Basis for Qualified Conclusion" if they were reviewed by independent auditors, we did not discover matters which would lead us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial status of APAQ Technology Co., Ltd. and subsidiaries as of June 30, 2021 and 2020, and its consolidated financial performance for the three months and six months ended June 30, 2021 and 2020 and its consolidated cash flows for the six months then ended in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and IAS 34 "Interim Financial Reporting" endorsed and issued into effect by Financial Supervisory Commission.

The methods and assumptions adopted by the consolidated company for valuating instruments not at fair value were as follows:

For financial assets at amortized cost, if transaction prices or quotes from market maker are available, the latest transaction price and quotes shall be the basis for fair value measurement.  - Unquoted equity instruments: For other investment portfolios, the fair value is estimated using comparable company analysis method, and is evaluated based on the price-book ratio of the industry.
- C. The redemption rights of embedded derivatives are based on an appropriate option pricing model.
